## About Curator's Pick:

Curator's Pick is a collection of works picked from Project Gallery 90's stock room as well as a way to introduce and showcase artists new to the gallery.

In particular, facing the situation surrounding COVID-19, the Curator's Pick catalogue shows works that have never exhibited as a result of the business shutdown period.

As a special promotion, we are offering 5 to 10% off the marked price for these works, please enquire for more information.
